Dear Sir

I am enclosing herewith an old silver coin of 1603 which is a pretty poor specimen but may be of some interest to you.

If you care to add it to your collections, I shall be glad to present it to the Society if you will be good enough to let me know just what it is and whether or not it has any present financial value.

Yours very truly

Marston T. Bogert

Henry IV - 1589 - 1610

1/4 Ecu of Bearn and Navarre

May 22, 1936

Mr. Marston T. Bogert,
Columbia University,
New York, N. Y.

Dear Mr. Bogert:

We thank you very much for the coin you so kindly donated to our Museum. Being quite worn and holed, it has only an approximate value of about $1.00.

The coin is a quarter ecu of Bearn and Navarre, and is of a date which we did not have before.

Very truly yours,

Assistant Curator
